

Tuition fees and payment schedule

All fees are excluding traveling and accommodation.

Item	Tuition Fee EURO
Fee for Processing, due after successful pre-check*	300,00*
Fee for the first semester, due 4 weeks before semester start	3.000,00
Fee for the second semester, due 4 weeks before semester start	2.300,00
Fee for the third semester, due 4 weeks before semester start	2.300,00
Fee for the fourth semester	---
Total Fee	7.900,00
Extension fee for each semester after the regular study duration of 4 semesters	250,00

*For processing of your application and a pre-check and evaluation of all supporting documents a processing fee of 300 EUR is charged. Processing fee is due after successful pre-checking of the application document. This fee is non-refundable and is a prerequisite for the continuation of the application process, in particular for the delivery of visa documents. **Via pre-check only the chance of admission to the master program is determined - it is no guarantee for the admission itself as this will be checked more deeply by uni-assist.** The processing fee of 300 EUR does not include the external handling fee of uni-assist (75 EUR).

The regular duration of the master program is four semesters. A fee of 250 EUR is agreed on for each semester that is extended beyond this.

The Master course will take place only if a minimum number of 15 participants is secured and the global situation around the pandemic allows the attendance lecture weeks at Anhalt University in Dessau-Rosslau, Germany.

Otherwise, the start of the course can be postponed or cancelled. The application remains valid for the next course term. The payment of the processing/admission fee remains unaffected, even if the student does not continue the application/matriculation under these circumstances.

In the case that it is not possible to attend one of the lecture weeks of the semesters 1-3 in Dessau-Rosslau 50% of the actual semester fee will still be charged and must be paid according to the due date in order to retain the right to continue studying. The remaining 50% of the respective semester fee is then due upon actual participation in the lectures of the semester.

The respective payments must be credited before enrolment in the corresponding semester. In the case of late payments, enrolment/re-activation is not possible.

All additional fees for the bank transfer need to be paid at your home credit institution.

Why are the fees so moderate compared with other programs available?

As an institute associated with Anhalt University of Applied Sciences, we are a non-profit institute. The master program Membrane Structures (M.Eng) is hosted by a German State University. Therefore, we maintain the costs as low as possible and tuition fee is calculated only to cover the expenses. The program is designed and organised every year since 2006 without compromising the level of education, delivering the finest expertise in the field of Membrane Structures.
